Christmas in the bush

Something a little different - enjoy a Christmas bush dinner with over 3000 game animals in the background!

For active families, bring in your hiking shoes for an exploration through the serenity of a savanna, or use our bikes to conquer over 100 km of trails within the private ranch. Go for a day or night game drives with one of our rangers who will show you the best spots for photography.

Your children will be entertained by a child minder while you get a moment for a glass of wine, or two!

By the time you need to say goodbye, your hearts, minds and cameras will be filled with wildly unique Christmas 2018 memories!
